As the Legislature of 1891 will not meet until April of that year it will be necessary for the Legislature of 1889 to make appropriations for the first quarter of 1891, and said appropriations should be equal to one-fourth of the amounts estimated for the year 1890.

FINANCIAL CONDITION OF THE STATE.

It is necessary that attention be directed to the present financial condition of the State. We are threatened with serious embarrassment, and unless some proper measures for relief are adopted by the next Legislature the obligations of

the State cannot be promptly met, and we will be forced to scrip. Since the present tax rate of three mills on the dollar for purposes of general revenue was fixed, we have had to meet large expenditures of an extraordinary character, and there has been also a great increase in the annual expenses of the State government.

While there has been a steady and marked advance in the amount of taxable property, adding correspondingly to the revenue, the income has not kept pace with the increase in the amount of obligations incurred. The cost of the Constitutional Convention of 1885, amounting to \$55,500; the appropriations for the East Florida Seminary, the Ocala schools and the Agricultural College, amounting respectively to \$12,000, \$5,400, and \$7,500, making a total of \$80,400, had to be paid out of the income arising from this low rate of taxation. Besides, the support of the Normal Schools, at an annual cost of \$8,000, the Deaf, Dumb and Blind Asylum, costing \$5,000, the Teachers' Institute, costing \$1,500, (making annually \$14,500 for school purposes), the salaries and expenses of the Railroad Commission, amounting to \$10,000, the provision for pensions, \$30,000, the cost of criminal prosecutions reaching \$60,000, the outlay for State troops amounting to \$8,000, making a total of \$122,500, have been added to the annual expenses of the State since the present rate of taxation was first established. The estimated appropriation for the year 1889 amounts to \$498,333.53, and for the year 1890 to \$429,573.00, making for the two years \$927,906.53. The income to meet this must be raised from the taxes on \$90,000,000 of property, and from the occupation license tax. The revenue from licenses has fallen from \$130,000 in 1887 to \$91,000 in 1888. This may be due in some measure to the recent epidemic, but there is no hope of its exceeding \$100,000 for each of the next two years, making \$200,000 from that source.

The income from the property tax on \$90,000,000, at 3 mills, amounts to \$270,000; for two years it will be \$540,000, without allowing anything for insolvencies. Here we have an income of \$740,000 to meet estimated obligations of \$927,906.53. These are the facts that confront us, and must be squarely met. The policy of legislation seems to have been to reduce the general revenue income and at the same time add to its liabilities. The entire poll tax, amounting to about \$30,000, has been transferred to the School Fund and \$14,500 taken from general revenue to support schools.

It is apparent that the rate of taxation must be raised from 3 to 4 mills. This is made necessary by the largely increased expenses that have been thrown upon the General Revenue of

the State, above referred to. The R. R. Commission, Pensions, Criminal Prosecutions and expenses of State Troops, are burdens, imposed in the last two years, and amount to \$108,000, which is more than one mill on the taxable property.

These facts regarding our present financial condition apply only to current expenses, and are presented so that the necessary provision can be made, to avoid the necessity of incurring any indebtedness which can not be promptly paid by the State in cash. It is a source of congratulation that our bonded debt in the hands of outside parties, amounts to only \$382,300, and that our bonds command a large premium in the markets. It is with the view of keeping our State on a sound cash basis, and to maintain its credit at the present high standard, that the proposed measures are suggested.

I beg leave to call your attention to the several tables hereto appended.

Very respectfully,

W. D. BARNES,
Comptroller.
